

# Put Your Science in the Spotlight!

## a workshop for HRSMC PhD/ Postdocs

Workshop #3:

### **Get that grant!**

By Irene Regeni (*Leiden University*) &  
Thomas Hansen (*Vrije Universiteit Amsterdam*) &  
Jesús San Jose Orduna (*University of Amsterdam*)

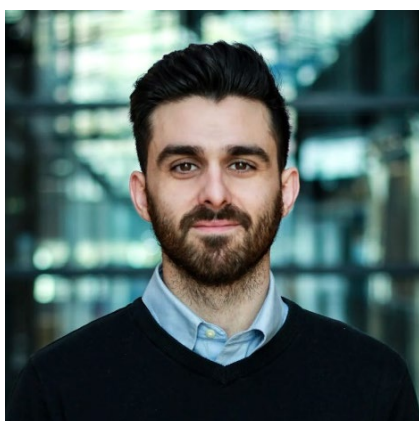

The process of grant writing can be complicated, and somewhat terrifying at first. So there is no better way to learn about grant writing from your peers! In this workshop, three postdocs Irene Regeni, Thomas Hansen, and Jesús San Jose Orduna will discuss the tips and tricks they learned and share their own personal stories. Even if the process of grant writing will be disappointing at certain times, this workshop will show (future) grant writers that you are not alone!

Postdoc / Marie Curie fellow Dr. Irene Regeni (LU)

Assistant Prof Thomas Hansen (VU)

Postdoc Jesús San Jose Orduna (UvA)
